TRAINING
Think Further

Take our Certified ScrumMaster Course & Agile Release Planning Workshop!

Our Certified ScrumMaster course and Agile Release Planning Workshop approach is *unique*.

With this coupon, the first 10 people from the PMI Palmetto Symposium (March 7, 2017) to use this coupon will get an additional \$100 off the price for all 3 days. For the CSM course or the CSPO course.

In addition, if you are a member of a local PMI chapter, you get a \$100 reduction “normally”. So, the **total reduction** off the current price is **\$200**.

Cassandra Wagner can explain the details. You can reach her at 704-376-8881 or at

Cassandra.Wagner@LeanAgileTraining.com

We will have courses in Greenville, Columbia, and Charlotte.

Unlike others, we offer a two-day interactive CSM course plus a one-day ARP workshop.

The CSM course gives you an applied understanding of the Scrum process and will help you develop the tools, attitudes and skills required to apply Scrum on your projects and across your organization. The ARP workshop allows you to take real work and do Agile Release Planning with it.

Upon completion of the course and the workshop, you will receive 22 SEUs (Scrum Educational Units) toward the requirements of the CSP (Certified Scrum Professional) **and 22 PDUs** toward PMI requirements.

Register now at **www.LeanAgileTraining.com**.
